

COMMUNITY SERVICE PROGRAM

Goodwill Industries of Tennessee, Inc.'s **Community Service Program** provides access to a professional retail learning environment in which participants complete court-ordered community service hours while building workforce-related skills. Participant experiences are focused on supporting Goodwill's mission as a dynamic social enterprise to provide employment services to those in need and to strengthen community infrastructure.

FUNDAMENTALS

Community Service Program participants are given a strong foundation through integrative learning upon enrollment. Required learning modules cover important workplace skills and topics to welcome participants to the retail environment.

COMMUNITY MATTERS

In addition to Volunteer Services, Goodwill Tennessee serves the community through a variety of targeted internal and external programs and partnerships:

- Digital Skills
- On-Track Program for Employees
- Senior Community Service Employment Program
- Veterans Service Program
- Workforce Development Services

Donations of time and effort make a **difference**.

Community service participants build valuable skills for the workplace and fuel Goodwill's mission by creating opportunities within the communities they serve.
