

## COMMUNITY SERVICE PROGRAM

Goodwill Industries of Tennessee Area Inc.'s **Community Service Program** provides access to a professional retail learning environment in which participants complete **court-ordered** community service hours while building workforce-related skills. Participant experiences are focused on supporting Goodwill's mission as a dynamic social enterprise to provide employment services to those in need and to strengthen community infrastructure.

### FUNDAMENTALS

Community Service Program participants are given a strong foundation through integrative learning upon enrollment. Required learning modules cover important workplace skills and topics to welcome participants to the retail environment.

### COMMUNITY MATTERS

In addition to the Community Service Program, Goodwill Tennessee serves the community through a variety of targeted internal and external programs and partnerships:

- Community-Based Learning
- Digital Skills
- On-Track
- Senior Community Service Employment Program
- Sustainability
- Veteran Services
- Volunteer Services

Donations of time and effort make a **difference**.

Community Service Program participants build valuable skills for the workplace and fuel Goodwill's mission by creating opportunities within the communities we serve.
